

## **Mission Statement**

The Mark H. Zangmeister Cancer Center is dedicated to providing the best-quality care for our patients and families. We adhere to a holistic approach to patient care. We provide the most advanced technological care while meeting the physical, social, emotional, economic and spiritual needs of each individual we serve.

We are committed to providing a friendly, relaxed and confidential environment. We are our patients' advocates. We promote patient education. We serve as a liaison between our patients, the community and all healthcare services. We help patients meet their health goals throughout a continuum of care, which includes prevention, treatment, rehabilitation and symptom management.

The Mark H. Zangmeister Cancer Center believes in teamwork. Our team is committed to excellence in staff education and quality care. We understand the necessity for trust, compassion and humor in the patient-healthcare provider relationship. We work together to uphold our reputation as a leader in the field of oncology.
